50 Cents a Year in Advance.

We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Jr., Publisher.

VOL. 8.

CLAY CITY, KY., THURSDAY, JULY 23, 1903.

NO. 30.

## The Dedication.

The dedicatory exercises of the Christian church at this place were carried out Sunday as announced in the last issue of the Times. A debt of \$240 which overhung the church was liquidated soon after the assembling of the congregation in the afternoon, a number of our citizens giving \$20 each. Dinner was served bountifully on the ground by the generous and kind hearted people of Clay City.

Elder L. J. Reynold preached the dedication sermon in the afternoon which was well received by his hearers, and which was very appropriate for the occasion. Elder Reynold also preached that night and delivered another most interesting sermon.

The Christian Brethren of Clay City are to be congratulated upon the completion and dedication of such a nice house of worship in this town, and in this connection, we might say much credit should be given to the untiring and persistent efforts of the sisters of this church also, for truly they have been an indispensable factor in this good work.

## A Good Rain.

A heavy rain visited us Tuesday night accompanied by a heavy electrical storm. The ground had become very dry so it was dry enough to stir in a short while after sun-up the next day. More rain is still badly needed, yet the rain which came is doing great good to growing crops.

## Clay City Again to the Front.

At the Olympian Park this city on the 19th inst., the Clay City Nine easily defeated the Newport Reds, of Newport, Ky. Score 16 to 1. Surely our batters are regaining their equilibrium which they so signally lost on the Fourth of July last in the clash with Green's Nebraska Indians. The score on the 19th is significant in that it follows so close upon the heels of the recent Republican State Convention at Louisville, with a possible declaration of an abiding faith in the cardinal doctrine of the Chicago platform of 1896.

Doubtless, it will be gratifying to that illustrious orator and statesman, Hon. Wm. J. Bryan, of Nebraska, to learn of this tangible demonstration of the invincibility of the darling theory of his political life. "16 to 1" will henceforth be the battle cry of the C. C.'s in all future contests upon the matchless diamond of the Olympian, and under the inspiration of this political scripture, our gallant wine-clad Nine will never again know disaster, but upon their sun-kissed banner will ever perch the glorious bird of victory.

The Olympian is one of the best equipped parks in the State; up-to-date in all of its appointments including the superb and colossal cafe of that peerless connoisseur Prof. Joe Martin, late of Paris, who is fully adequate to the gastronomic demands of the most fastidious Epicurean.

The writer would suggest this as

a most fitting place for the assembling of our next State Democratic convention. "So mote it be."

D. W.

## Does it Concern You?

Having harvested the delicious blackberry, finished work on our garden and field crops, let us now turn our undivided attention to the mending of our public highways.

The protracted wet weather of last winter prevented any roads being repaired and left them unusually rough and uncomfortable for travel, either by foot, horseback or vehicle. Now is the time to put county roads in order, before the autumn rains render it absolutely impracticable to do so.

Good roads are an imperative necessity, and without them. No community can possibly be good, happy or prosperous. Good roads make good markets, good markets a thrifty and contented people. Get in touch with the spirit of progress. Speak to your neighbor about it.

## Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Calif., writes. "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Rheumatism and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Swann-Day Lbr. Co.

## A Popular Instructor.

The following is one of the resolutions adopted by the Harlan County Teachers' Institute which shows the popularity of Prof. Eubank of this city as an Institute instructor: "Resolved, that we extend our congratulations and thanks to our worthy Superintendent, Wade Skidmore for having secured the services of Prof. W. R. Eubank, who has practically and faithfully conducted our Institute to the entire satisfaction of all the teachers. As evidence of our appreciation for his services with us, we heartily request the Superintendent to employ him to conduct our Institute again next year."

## Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Only 50c and \$1.00. Trial bottle free at Swann-Day Lumber Co's Store.

## Stock of Goods For Sale.

I offer for sale privately my entire stock of general merchandise at Spout Spring. Good stand and good store house. A splendid opportunity for any one desiring to enter a business of this kind.

W. J. CHRISTOPHER,  
Spout Spring, Ky.

## Irvine Items.

[Irvine Herald.]

The mill will saw out here in the course of two or three weeks. This will throw about fifty men out of employment.

Capt. W. C. Canter has purchased the farms of T. Noland and Walter Scott at Wisemanstown, paying \$2,000 and \$1,500 respectively.

Fifteen tanks of oil have been shipped from the fields of the Estill County Oil and Gas Co., making the first of Estill County's product to be sold.

A convention has been called by the Republican committee to meet at Beattyville, on August 18, for the purpose of nominating candidates for Circuit Judge and Commonwealth Attorney in this the 23rd judicial district. Mass meetings will be held in each of the counties on the 15th of August to select delegates to attend the convention.

The Powell County Teachers' Institute will begin at Stanton next Monday, July 27. Prof. W. R. Eubank, of this city, will be the instructor.

## No Pity Shown.

"For years fate was after me continuously" writes F. A. Gull-edge, Verbenia, Ala. "I had a terrible case of Piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me. Equally good for Burns and all aches and pains. Only 25c at Swann-Day Lumber Co's Store.

## Council Meeting.

The City Council met Saturday night to close contracts with the teachers selected at its regular meeting July 1. Prof. Eubank refused to accept the principalship and Mrs. Sylvia Russell would not take the place of first assistant teacher. Miss Maggie Groves accepted the position as primary teacher. The two first places were declared vacant and will be supplied at the next meeting of the council.

The four extra police on duty July 4, were allowed \$2 each. Marshal Goosey was allowed \$40 for services during the month of June. The marshal was directed to look after the walks of the town more closely and keep them in better condition with instructions to repair same and collect the charges from the property owners. He was also instructed to see that the train did not, in the future, block the street crossings for an unreasonable time, as they have heretofore been doing.

## Working Night And Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c per box. Sold by Swann-Day Lumber Co.

## The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

### A Blunderous Municipal Act.

The Eastern Kentucky Telephone & Telegraph Co., owners of the franchise privileges in Clay City are not required to put in an exchange at this place at any time during the period of franchise—twenty years—to hold the contract binding on the part of Clay City as is understood by our people. The only condition to be met by the company is that it must put in one telephone in Clay City with a metallic circuit to Mt. Sterling and long distance connection from there by Sept. 8, 1903, and not a thing is there in the contract requiring the company to put in an exchange here. Still they hold the franchise, binding on this town for twenty years by putting in one only telephone and they can take that out the next day and the contract is binding on the town just the same.

We have been connected with Mt. Sterling by telephone for four years, and just why the city was willing to give so much for only a competitive line can hardly be imagined.

No reflection is aimed at the council which granted the above mentioned franchise. This article is published to merely show the people of Clay City the real object of the contract on the part of the company and how easily they accomplished it.

### Republican Convention.

The Republican convention completed its labors at Louisville last Thursday by nominating the following ticket for defeat at the coming November election: For Governor, M. B. Belknap; for Lieutenant Governor, J. B. Wilhoit, of Boyd county; for Treasurer, John A. Black, of Barbourville; for Auditor, George W. Welsh, of Danville; for Attorney General, W. M. Beckner, of Winchester; for Secretary of State, J. C. Speight, of Graves county; for Superintendent of Schools, Livingston McCartney, of Henderson; for Commissioner of Agriculture, Geo. Baker, of Muhlenberg county; for Clerk of Court of Appeals, J. H. Newman, of Monroe county.

Several negro delegates were present and made speeches during the session, and were frequently applauded. Though not a candidate, Governor Bradley had the convention captured for a time, and could himself have been nominated if he would have accepted.

In the North there is talk about crime in the South. As a sample of the Northern criminal we give the confession of Alfred A. Knapp, just sentenced to death for the murder of his wife: "On June 21, 1894, I killed Em-

ma Littleman in a lumberyard at Cincinnati. On August 1, 1894, I killed May Eckert on Walnut street, Cincinnati. On August 7, 1894, I killed my wife Jennie Knapp under the canal bridge at Liberty street and threw her in the canal in Cincinnati. In July, 1895, I killed Ida Gephart in Indianapolis, Ind. On Dec. 22, 1902, I killed my wife Hannah Knapp, in Hamilton and threw her body into the river out by Lindenwald. This is the truth."—Richmond Pentagraph.

The above article discounts Breathitt so far it puts the county to shame and discourages the modest and economical criminal in the mountains of Kentucky.

The cry has been coming from the other political side all the while that they couldn't get a fair count from the Democrats, and they have been bothered about the deplorable Music Hall convention ever since Gabel was nominated. Listen to Governor Bradley before the Republican convention at Louisville last week: "They say if he (Wilson) had a majority, why didn't he vote his men? The answer comes back, he says, that he knew that if he did vote his men their votes would not be counted. Don't that jar you?"

A prominent and an honest Republican of this county in commenting on the State ticket his party put up at the Louisville convention last week was heard to remark, "I like the ticket splendid, with the exception of the bolting Democrats attached, and more especially Judge Beckner, whose political record I so well know. I have said I would never vote a man who came to our party for office only."

In speaking of the bad roads in this part of the State to a friend the other day we remarked that it looked to us like we would either have to work the roads or move out. Our friend said it looked to him like we would have to work the roads first so we could move out, as it now is, it is most impossible to get out.

Judge Beckner's Democratic friends were not able to protect him and prevent the nomination for Attorney General on the Republican ticket being thrust upon him, but they will see to it that the burden of the office is forced upon his opponent, Hays. —Winchester Democrat.

The Democrats of Clay City will hold a mass meeting in a few days and organize for the fall campaign, and in a short time will nominate a full ticket for City Council.

The school fund has been increased to \$2.60 per capita, an increase of 28 cents over last year. This is good news for the teachers of the common schools.

Hall's Catarrh Cure, is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, act-

ing directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. ## Cured

At 70 of Heart Disease Contracted

During Civil War—Veteran Grateful.

Dr. Miles' Heart Cure Effected Cure.

Heart disease is curable, but in people of advanced age it does not readily lend itself to ordinary treatment. There is, however, hope for all sufferers in Dr. Miles' Heart Cure, which we know from watching hundreds of cases and from the letters of grateful sufferers, will cure where all else has failed. It is not only a wonderful cure for weak and diseased hearts, but it is a blood tonic, a regulator of the heart's action and the most effective treatment ever formulated for improving the circulation of the blood.

"During the Civil war I contracted heart disease, and in 1896, while living in the grand old town of Lexington, Va., I grew so much worse, I left there with my wife to visit my sister-in-law, Mrs. T. A. Kirby, at Roanoke, Va. While I said nothing to anyone I never expected to live to return to the dear old town. On reaching Mrs. Kirby's she insisted I should try Dr. Miles' Heart Cure. I procured a few bottles of it, also the Nerve and Tonic. After using one or two bottles, I could see no improvement, and I despaired of ever being better, but my faithful wife insisted on keeping it up, which I did. Improvement soon began in earnest and I took in all fifteen or sixteen bottles. I was restored to perfect health and while I am 70 years old, I am comparatively a boy. You sir, are a benefactor, and I cheerfully recommend Dr. Miles' Heart Cure to suffering humanity."—J. L. SLAUGHTER, Salem, Va.

Dog days begin Saturday, July 25. Above all times the farmer likes to see it rain on the first days of dog days, for according to the old proverbial saying it will be wet dog days throughout if it so sets in, and if it sets in dry it will so remain for the forty days.

No man or woman in the state will hesitate to speak well of Chamberlain's Stomach and Liver Tablets after once trying them. They always produce a pleasant movement of the bowels, improve the appetite and strengthen the digestion. For sale by all dealers in patent medicine.

### Moving a Store House.

Work has been begun to move the mammoth store building of Mr. Henry Waldron from the Western, portion of town to his lot on Sixth street. The goods will not be moved from the building, but will be moved all together.

### Singing School.

Prof. Frank Edwards, the famous Estill county music teacher, has been engaged to teach a singing school of twelve nights session at Powell's Valley. The school began Monday night with a crowded house and flattering prospects for a successful term. Vocal music is an indispensable requisite to church work, and every individual, therefore, should learn how to sing and how to sing correctly. Prof. Edwards can always be depended upon to give you correct instructions.

### Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. ### Elected Principal of Two Schools.

At the meeting of the City Council Monday night Prof. W. R. Eubank, of Winchester, was elected Principal of the Public School for the ensuing year. He has had several years experience as a teacher, and the prospects are that the Midway school under his guidance will have a most successful session. We welcome Prof. Eubank to our community—Midway Clipper.

Prof. Eubank has accepted the above school at a salary of \$75 per month for the ten months term. We regret that Mr. Eubank and his estimable wife are to leave us, and our best wishes go with them into their new home. We commend them to

the good people of Midway. They will move there about the middle of August.

### Valuable Time Saved.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by all dealers in patent medicine.

### Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bospue county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The cause was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by all dealers in patent medicine.

It excites the appetite and invigorates digestion, and is especially beneficial in nervous prostration and all diseases attended with debility. Yours truly,
